Chamber Fund Open for Business

We are pleased to announce the **North Carolina Chamber of Commerce Self Insurance Fund** will begin writing new and renewal business effective June 14. Over the past 60 days, our staff has been focused on integrating the Chamber Fund into Synergy's operations. We are pleased to announce that the integration is now complete.

The Chamber Fund has also negotiated for statutory excess insurance with the National Union Fire Insurance Company, a member of AIG. National Union is an A.M. Best rated A (Excellent) XV insurance company. National Union Fire Insurance Company is providing statutory coverage in excess of \$750,000 per occurrence to the Chamber Fund.

Your underwriter can now provide your agency with access to the Chamber Fund along with the Advantage Workers' Compensation Insurance Company (A.M. Best A-), AmTrust Financial Group (A.M. Best A-) and Synergy Insurance Company. Your clients will receive the same high level of service within each program. Each carrier is competitive based on various classifications and the size of the risk. Your underwriter can help you determine which market would serve your clients best.

The North Carolina Chamber of Commerce Fund will write heterogeneous business including but not limited to the following types of risk.

Target Industries

- **Artisan Contractors**
- **Charitable/Non-Profit**
- **Healthcare**
 - Home Health
 - Hospice
 - Hospitals
- **Nursing Homes**
- **Manufacturing**
- **Restaurants**

Synergy continues to provide a high quality workers' compensation product offered only through a select group of Agencies. With limited agency relationships, the addition of a self-insurance market puts Synergy and its agents in a highly competitive position for various market conditions.

We appreciate your business and support and look forward to profitable growth through the rest of the year.
